## PRINCIPLE BASED

### Principle Based Productions

What we invest our time and energy in shapes us. Productions are a necessary end to the development of talent, skills and confidence. Therefore TNT chooses material from classics such as Shakespeare, that teach principles ensuring that the actor's focus is on that which is virtuous, lovely and of good report.

## PRIMARY GOALS

While development of acting skills and performance opportunities are a part of TNT these are secondary to TNT's primary goals for development of the whole person.

- Encourage Selflessness
- Provide Opportunities to Serve

- Inspire High Standards of Personal Conduct
- Mentor Leadership
- Cultivate Goodness in Participants & the Community
- Provide Camaraderie amongst Positive Peers

### Workshops & Training

TNT provides workshops in the community while seeking training and mentoring from fellow enthusiasts who adhere to TNT's standards and support TNT's primary goals of developing positive life skills & providing positive experiences..
